CBA Petition 2019

We the employees of the Commonwealth Bank of Australia and its subsidiaries, call on the Bank to urgently meet with the FSU to respond to the following:

- ▶ Are CBA planning to cut up to 10 000 of our jobs?
- Are CBA prepared to talk to their employees as a first not last step regarding how they are seeking to achieve efficiencies and good business discipline?
- ► Are CBA planning to close up to 300 branches around Australia?
- Will CBA commit to retrain & reskill employees for the changing roles in the organisation as opposed to retrenching their current employees?
