

FSU Member Meeting Resolution.

21 October 2022

“NAB has achieved multi-billion dollar profits from our work. Management can provide certainty of pay without reducing our conditions.

This meeting rejects NAB’s agenda of cuts to real wages and conditions.

We call on NAB CEO Ross McEwan to improve NAB’s position by 31st October or we will instigate industrial action to progress these negotiations.

If NAB walks away from negotiations we will vote No to send NAB back to the bargaining table to solve our concerns.”
